Lucknow, Uttar Pradesh

OBJECTIVE

Curious and user-centered full-stack developer with strong UI/UX instincts. Skilled in creating intuitive, accessible, and scalable interfaces for web and mobile using Figma, and React. Passionate about solving real-world problems through thoughtful design and data-driven iteration.

EDUCATION

- **VIT Bhopal University** September 2023 - May 2027
B.Tech (Computer Science) Bhopal, India
 - GPA: 8.35/10.00
- **Saiyyid Hamid Sr. Sec. School, Aligarh Muslim University** June 2022
Intermediate Aligarh, India
 - Grade: 92.0%

SKILLS

- **UI/UX & Design:** Figma, Prototyping, Wireframing, User Flows, Responsive Design, Accessibility (WCAG), Empathy-Driven Design
- **Programming Languages:** Java, JavaScript, Python
- **Web Technologies:** React 19, TailwindCSS, Node.js, Express, RESTful APIs
- **Database Systems:** MongoDB, PostgreSQL, Redis, IndexedDB
- **DevOps & Version Control:** Git, GitHub, Postman

PROJECTS FEATURED IN UI/UX

- **TestOverseas: An AI-driven GRE prep ecosystem through Intelligent UX Design and Adaptive Flows** July 2025
Tools: Figma, React 19, Tailwind CSS, Gemini API, Node.js, Express, Redis, PostgreSQL, Passport 
 - Designed responsive, user-centric interfaces using Figma and TailwindCSS for seamless cross-platform experience.
 - Leveraged Gemini API beyond chat — powering AI-driven diagnostics, deeply personalized study plans, and custom test sessions adapting to individual strengths and weaknesses
 - Implemented a dynamic quiz engine with paywall logic and adaptive question delivery.
 - Created an interactive calendar and task board integrated with Google Calendar to help users plan, track, and visualize their preparation journey
 - Conducted iterative improvements based on feedback to improve usability and reduce cognitive load
- **CronJob Calendar: Intuitive Scheduling & Visual Study Planning for users** June 2025
Tools: Figma, React, TailwindCSS, Google Calendar API, Node.js, PostgreSQL 
 - Applied UX heuristics for information clarity and reduced cognitive overload, optimizing layout for focus and usability
 - Built as the calendar and task board module for the TestOverseas GRE prep platform, enabling users to organize and personalize their study journey
 - Designed a responsive and visually clean planner interface with task management and deadline visualization
 - Integrated Google Calendar for real-time syncing, ensuring seamless updates across devices

WORKSHOPS & RECOGNITIONS

- **Reflux: UI/UX & Product Thinking Workshop** July 2025
UI/UX Club, VIT Bhopal 
 - Participated in a design-intensive workshop focused on UX strategy, product thinking, and visual storytelling
 - Explored real-world case studies and frameworks used by leading product designers
 - Engaged in interactive sessions on empathy-driven design, UI heuristics, and user journey optimization
- **MERNxAI Hackathon – Marketplace for AI Models** April 2025
MERN Stack Club, VIT Bhopal 
 - Participated in a 2-day hackathon focused on building innovative web-based solutions by integrating MERN stack with AI technologies
 - Developed a functional prototype of a marketplace for AI models, collaborating with a team to design front-end UI, backend APIs, and AI model integration
 - Earned recognition for technical creativity and teamwork; gained exposure to internship opportunities, expert speaker sessions, and networking with industry professionals

LEADERSHIP EXPERIENCE

- **General Secretary**
The Startup Club, VIT Bhopal University
 - Initiated and launched the **Dialogue - The Startup Club Podcast**, spotlighting student-led ventures, industry experts, and founder journeys to inspire budding entrepreneurs on campus.
 - Designed and deployed the club’s official website, enabling students with startup ideas to connect with like-minded collaborators and potential co-founders.
 - Led team efforts to grow the club’s online and offline presence, creating a culture of collaboration that leveraged each member’s strengths and maximized engagement across initiatives.
 - **Public Relations & Outreach Team Lead**
The Startup Club, VIT Bhopal University
 - Built and executed outreach strategies that increased social media traction by 60% and expanded the club’s industry presence.
 - Coordinated with local entrepreneurs and student startups to organize founder talks, leading to a 2x increase in event participation.
 - Led strategic outreach efforts and initiated high-profile collaborations, including communications with Ankur Warikoo for a featured session at adVITya, enhancing the club’s brand and campus presence.

June 2025 - Present

July 2024 - June 2025

CERTIFICATIONS

- **The AI Engineer Course: AI Engineer Bootcamp**
 - **Kaggle Google Certified GenAI training**
 - The React Complete Guide 2025
 - **The Complete Full Stack Web Development Bootcamp**
 - Fundamentals in AI and ML - (VITyarthi)
 - **Python Data Science**
